
Explorer maps used often by West Essex Ramblers

Towns as named in map below.

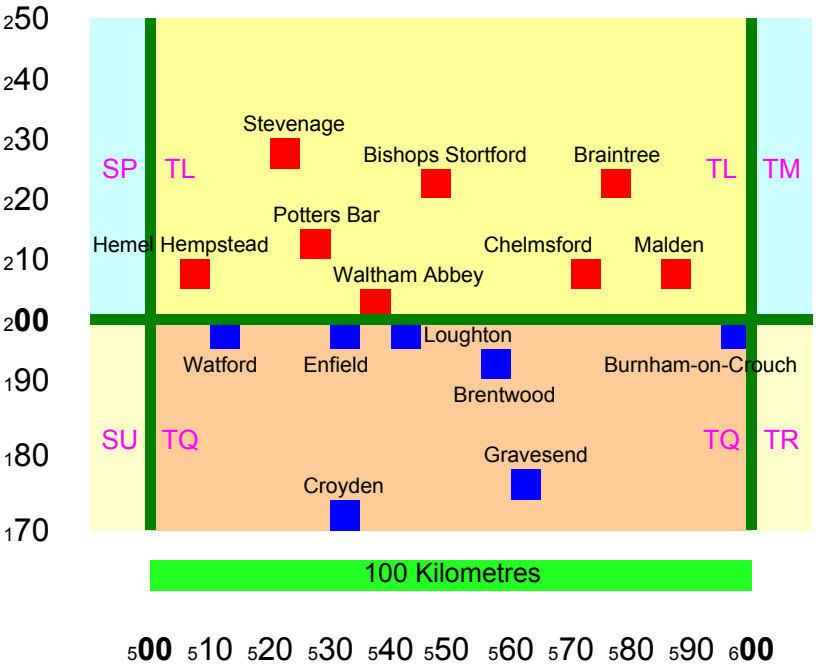
Aide Memoire

For **52** weeks of the year

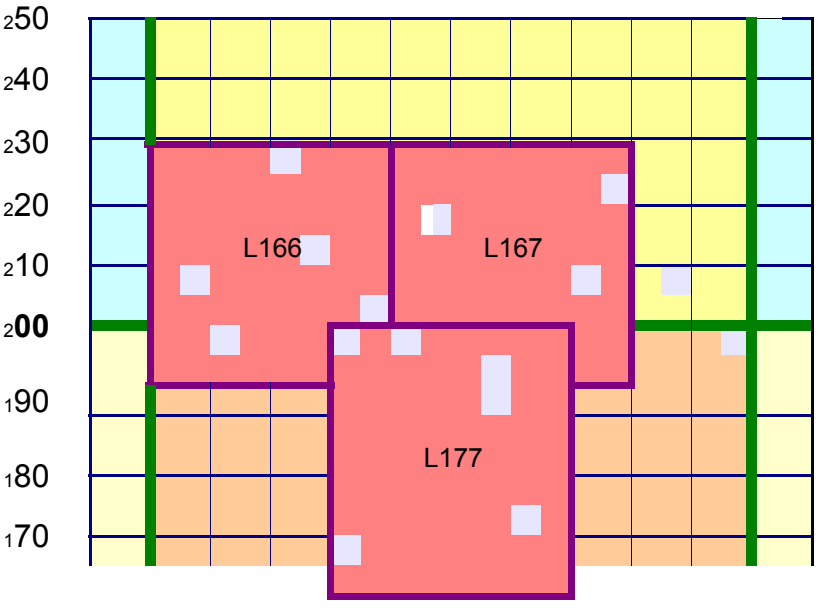
remember:

500000 **2**00000

for the 12 digit grid reference



The West Essex walks are often either in the TL or TQ 100 kilometre squares.



Landranger maps used often by West Essex Ramblers

Towns as named in map above.

Tip for West Essex walks:

If the 6 digit code is say, 380 200, ie, where the 200 number is low, then you are probably above the 200000 line.

If the 6 digit code is say, 430 960, ie, where the 960 number is high, then you are probably below the 200000 line.

Could you convert the 6 digits for:

Waltham Abbey ..381 006 to 538100,200600 ?

Enfield .....328 965 to 532800,196500 ?
