

A 1km square is shown representing part of an OS map.

The Grey squares are imaginary and are each one tenth of a km.

Below, the Grid Reference for Theydon Bois Station is described

A 6 digit Grid Reference is formed from:

45km plus five tenths of a km written 455

and

99km plus one tenth of a km written 991

..... to yield 455 991 or 455991
